

## Hungover

Kesha

(capo 4ª casa)

**Am**

And now the sun is rising

**G**

**F**

**C**

And now the long walk back home (back home)

**Am**

There s just so many faces,

**G**

**F**

**C**

But no one I need to know (need to know)

**Am**

**G**

**F**

**C**

In the dark I can t fight it, I fake til I m numb

**Am**

But in the bright light,

**G**

**C**

**Am**

I taste you on my tongue

**C**

Now the party s over

**G**

And every bodys gone

**Am**

**F**

I m left here with myself and I wonder what went wrong

**C**

And now my heart is broken

**G**

Like the bottles on the floor

**Am**

Does it really matter?

**F**

**C**

Or am I just hung over you?

**G**

**F**

Ah ah ah, ah ah ah

**Am**

**C**

Or am I just hungover?

**Am**

Even my dirty laundry

**G**

**F**

**C**

Everything just smells like you (like you)

**Am**

And now my head is throbbing

**G**

Every song is out of tune

**C**

**Am**

Just like you

**Am** **G** **F** **C**

 Standing alone  
**C**  
 Hear at the end try to pretend but no,  
**Am**  
 I put up my fight  
**G** **F**  
 But this is it this time (this time)  
**C**  
 Cus I'm here at the end, tryin to pretend  
**Am** **G**  
 Here at the end, tryin to pretend  
**C**
