

Hungover

Kesha

(capo 4ª casa)

Bbm

And now the sun is rising

G# **F#** **C#**

And now the long walk back home (back home)

Bbm

There s just so many faces,

G# **F#** **C#**

But no one I need to know (need to know)

Bbm

G#

F#

C#

In the dark I can t fight it, I fake til I m numb

Bbm

But in the bright light,

G# **C#** **Bbm**

I taste you on my tongue

C#

Now the party s over

G#

And every bodys gone

Bbm **F#**

I m left here with myself and I wonder what went wrong

C#

And now my heart is broken

G#

Like the bottles on the floor

Bbm

Does it really matter?

F# **C#**

Or am I just hung over you?

G#

F#

Ah ah ah, ah ah ah

Bbm

C#

Or am I just hungover?

Bbm

Even my dirty laundry

G# **F#** **C#**

Everything just smells like you (like you)

Bbm

And now my head is throbbing

G# **F#**

Every song is out of tune

C# **Bbm**

Just like you

Bbm **G#** **F#** **C#**
 In the dark I can't fight it, I fake til I'm numb
Bbm
 But in the bright light,
G# **C#** **Bbm**
 I taste you on my tongue

C#
 Now the party's over
G#
 And every body's gone
Bbm **F#**
 I'm left here with myself and I wonder what went wrong
C#
 And now my heart is broken
G#
 Like the bottles on the floor
Bbm
 Does it really matter?
F# **C#**
 Or am I just hung over you?
G# **F#**
 Ah ah ah, ah ah ah
Bbm **C#**
 Or am I just hungover?

Bbm **G#**
 Now I've got myself looking like a mess
F#
 Standing alone
C#
 Hear at the end try to pretend but no,
Bbm
 I put up my fight
G# **F#**
 But this is it this time (this time)
C#
 Cus I'm here at the end, tryin to pretend
Bbm **G#**
 Here at the end, tryin to pretend
C#
 Oh, ohhh

C#
 Now the party's over
G#
 And every body's gone
Bbm **F#**
 I'm left here with myself and I wonder what went wrong
C#
 And now my heart is broken
G#
 Like the bottles on the floor

Bbm

Does it really matter?

F#

C#

Or am I just hung over you?

G#

F#

Ah ah ah, ah ah ah
