G#m

And now the sun is rising

F# **E** **B**

And now the long walk back home (back home)

G#m

There s just so many faces,

But no one I need to know (need to know)

G#m **F#** **E** **B**

In the dark I can t fight it, I fake til I m numb

I taste you on my tongue

B

Now the party s over

F#

And every bodys gone

G#m **E**

I m left here with myself and I wonder what went wrong

B

And now my heart is broken

F#

Like the bottles on the floor

G#m

Does it really matter?

E **B**

Or am I just hung over you?

F# **E**

Ah ah ah, ah ah ah

G#m **B**

Or am I just hungover?

G#m

Even my dirty laundry

F# **E** **B**

Everything just smells like you (like you)

G#m

And now my head is throbbing

F# **E**

Every song is out of tune

B **G#m**

Just like you
