

## Hungover

Kesha

(capo 4ª casa)

**Bm**  
And now the sun is rising

**A** **G** **D**  
And now the long walk back home (back home)

**Bm**  
There s just so many faces,

**A** **G** **D**  
But no one I need to know (need to know)

**Bm** **A** **G** **D**  
In the dark I can t fight it, I fake til I m numb

**Bm**  
But in the bright light,

**A** **D** **Bm**  
I taste you on my tongue

**D**  
Now the party s over

**A**  
And every bodys gone

**Bm** **G**  
I m left here with myself and I wonder what went wrong

**D**  
And now my heart is broken

**A**  
Like the bottles on the floor

**Bm**  
Does it really matter?

**G** **D**  
Or am I just hung over you?

**A** **G**  
Ah ah ah, ah ah ah

**Bm** **D**  
Or am I just hungover?

**Bm**  
Even my dirty laundry

**A** **G** **D**  
Everything just smells like you (like you)

**Bm**  
And now my head is throbbing

**A** **G**  
Every song is out of tune

**D** **Bm**  
Just like you

**Bm** **A** **G** **D**  
In the dark I can't fight it, I fake til I'm numb

**Bm**  
But in the bright light,

**A** **D** **Bm**  
I taste you on my tongue

**D**  
Now the party's over

**A**  
And every body's gone

**Bm** **G**  
I'm left here with myself and I wonder what went wrong

**D**  
And now my heart is broken

**A**  
Like the bottles on the floor

**Bm**  
Does it really matter?

**G** **D**  
Or am I just hung over you?

**A** **G**  
Ah ah ah, ah ah ah

**Bm** **D**  
Or am I just hungover?

**Bm** **A**  
Now I've got myself looking like a mess

**G**  
Standing alone

**D**  
Hear at the end try to pretend but no,

**Bm**  
I put up my fight

**A** **G**  
But this is it this time (this time)

**D**  
Cus I'm here at the end, tryin to pretend

**Bm** **A**  
Here at the end, tryin to pretend

**D**  
Oh, ohhh

**D**  
Now the party's over

**A**  
And every body's gone

**Bm** **G**  
I'm left here with myself and I wonder what went wrong

**D**  
And now my heart is broken

**A**  
Like the bottles on the floor

**Bm**
