Rainbow
Kesha
В
   I used to live in the darkness
G#m
  Dress in black, act so heartless
But now I see that colors are everything
  Got kaleidoscopes in my hairdo
G#m
  Got back the stars in my eyes, too
Yeah now I see the magic inside of me
В
   Yeah maybe my head s fucked up
C#m
   But I m falling right back in love with being alive
        F#
Dreaming in light, light, lights
   This kitty cat lost her mind
   Been lookin for a star-sent sign that I ll be alright
Look to the skies
I ve found a rainbow, rainbow, baby, trust me
G#m
I know life is scary
But just put those colors on, girl
Come and play along with me tonight
В
   I d forgot how to daydream
G#m
   So consumed with the wrong things
But in the dark, I realized this life is short
  And deep down, I m still a child
G#m
  Playful eyes, wide and wild
I can t lose hope, what s left of my heart s still made of gold
```

В And I know that I m still fucked up C#m But aren t we all, my love? Darling, our scars make us who we are, are

So when the winds are howling strong C#m

And you think you can t go on

Hold tight, sweetheart

В

You ll find a rainbow, rainbow, baby, trust me

G#m

I know life is scary

But just put those colors on, girl

F#

Come and play along with me tonight

You gotta learn to let go, put the past behind you, trust me G#m

I know, the ghosts will try to find you

But just put those colors on, girl

Come and paint the world with me tonight

Night, night, night, night, night
