

The Harold Song
Kesha

Intro: **Dm F Bb**

Dm **F**
I miss your soft lips, I miss your white sheets
Bb
I miss the scratch of your unshaved face on my cheek
Dm **F**
And this is so hard cause I didn t see
Bb
That you were the love of my life and it kills me

Dm **F**
I see your face in strangers on the street
Bb
I still say your name when I m talking in my sleep
Dm **F**
And in the limelight I play it off fine
Bb **Dm F**
But I can t handle it when I turn off my nightlight
Bb **Dm F Bb**
But I can t handle it when I turn off my nightlight

Dm
They say that true love hurts
F
Well this could almost kill me

Bb
Young love murder

That is what this must be
Dm **F** **Bb**
I would give it all to not be sleeping alone

Dm
The life is fading from me
F
While you watch my heart bleed
Bb
Young love murder

That is what this must be
Dm **F** **Bb**
I would give it all to not be sleeping alone

Dm **F**
Remember the time we jumped the fence when

Bb
The Stones were playing and we were too broke to get in

Dm **F**
You held my hand and they made me cry while

Bb
I swore to God it was the best night of my life

Dm **F**
Or when you took me across the world we

Bb
Promised that this would last forever but now I see

Dm **F**
It was my past life, a beautiful time

Bb **Dm F**
Drunk off of nothing but each other till the sunrise

Bb
Drunk off of nothing but each other till the sunrise

Dm
They say that true love hurts
