

**Better Than Gold**  
**Kevin Daniel**

capo 4

you play 3 chords throughout the whole song:

**G, D/F#, Cadd9**

**G**                                      **D/F#**

Driving slowly, summer nights breeze

**Cadd9**    **D/F#**

Fill the space between us, one that shouldn't be

**G**    **D/F#**

I've been nervous, scared to come clean

**Cadd9**    **D/F#**

I think she should leave him, cause he will never see that

**G**    **D/F#**

Her eyes are diamonds at night, her hair shines like the moon

**Cadd9**    **D/F#**

She don't know, she don't know, I think she's better than gold

**G**    **D/F#**

She's worth more than he sees, deserves someone who loves her

**Cadd9**    **D/F#**

This time I'll let her know, I think she's better than gold

....and so on
