Circle the wagons, seduce the dragons
Tell all the customers they can wait
There's somethin' oozin' through my delusion
Here's the conclusion I reached today:
I've only got a buck in my pocket
But it feels like I own the world
Only got a buck in my pocket
But it feels like I own the world
Only got a buck in my pocket
But it feels like I own the world
Only got a buck in my pocket
But it feels like I own the world
Only got a buck in my pocket
But it feels like I own the world

So warn all the tall clouds, tell 'em to watch out
They're gonna blow like autumn's today
Here lies the vestige, some writer's message
Who kindly asked if I could relay:
I've only got a buck in my pocket
But it feels like I own the world
Only got a buck in my pocket
But it feels like I own the world
Only got a buck in my pocket
But it feels like I own the world
Only got a buck in my pocket

But it feels like I own the world
