

**D**  
You and I, we re gypsy born Under the same old sign

**A**

If my tears for you are a thunderstorm

**D**

My love is the sweet sunshine

But you can t run far enough

**A** **D**

To ever quite outrun my love I know who you re thinking of tonight.

**G**

That ll be me walking through your mind

**D**

Talking to your heart most all the time

**A7** **D**

Stirring up memories of mine Like a gentle breeze

**G**

If you hear somebody singing you this song

**D**

Like they could sing it to you all night long

**A7**

That ll be me

**G** **D**

That ll be me

**C#m Bm D E A**

**D**

That ll be me howling in the wind

**A**

Every time I come across your tracks again

**E7**

**A**

Tell me, how long has it been Since I ve been free

**D**

If you hear somebody singing you this song

**A**

Like they could sing it to you all night long

**E7**

That ll be me

**D** **A** **E**

That ll be me

**D** **A**
