FAR AWAY

by Kevyn Lettau

Legend:

I - **C Am G(2x) F G C**

II - **Am G F C**

I.

listening to the rain
all sounding the same
now that youre gone
where are the plans we made caught up in yesterday
far away

playing with your hair
whispering the words i wanna hear
i can remember when nothing was said or done
from far away

II.

why does this happen
no one really knows
it s hard to be near when your heart has up and gone

I.

just another day
looking for a way to make it through
everything comes and go
promises never know
youre far away
hey

II.

why does this happen
no one really knows
it s hard to be near when your heart has up and gone

I.

your footprints in the sand
the way you'd understand my ups and downs
color is fading fast, will the memory last
from far away
i can remember when nothing was said or done
from far away
everything comes and goes
promises never know
you're far away
color is fading fast, will the memory last
from far away
hey
far away
