Em   **C**
Where were you, when I said I loved you
G   **D**
And where were you, when I cried at night
Em   **C**
Waiting up, couldn t sleep without you
G   **D**
Thinking of, all the times we shared

Em
I remember when my heart broke
C   **G**
I remember when I gave up loving you
                             D
My heart couldn t take no more of you

I was sad and lonely

Em
I remember when I walked out
C   **G**

I remember when I screamed I hated you
                         D
But somehow deep inside, still loving you, sad and lonely

Em   C
No one knew, all the pain I went through
G   D
All the love, I saved deep in my heart for you
Em   C
Didn t know, where I would go, where I would be
G   D
But you made me leave, and plus my heart it just

It just kept telling me so

ooooooooooo

Em
I remember when my heart broke
C   G
I remember when I gave up loving you
                             D
My heart couldn t take no more of you,

I was sad and lonely

Em
I remember when I walked out
C   G
I remember when I said I hated you
                            D
But somehow deep inside, still loving you,

so sad and lonely
