

**The Little Things**

**keywest**

**B F# E G#m**

[Verse 1]

**B F#**  
When you re crying, I will understand  
**E F#**  
And I will always be right here to hold your hand  
**B F#**  
When it s darkest and you re all alone  
**E F#**  
I will be the shining light to guide you home

[Pre-Chorus]

**E F#**  
It s the little things, I swear  
**B E**  
The way you sing when you dry your hair  
**E F# E**  
It s the little things we share, oh

[Chorus]

**B**  
The way you hold my hand after all these years  
**F#**  
You make me laugh when I m close to tears  
**G#m**  
We stay up late drinking cheap red wine  
**E**  
Like our first date, we ll just talk all night  
**B**  
About the little things

[Instrumental]

**B**

[Verse 2]

**B F#**  
When you re old and your bones feel weak  
**E F#**  
I will sing to you until you fall asleep  
**B F#**  
When it s colder and it gets hard to move  
**E F#**  
I will dance with you right there in the living room

[Pre-Chorus]

**E F#**

Oh, it s the little things you do

**B E**

The way you laugh when I act a fool

**E F# E**

It s the little you do, oh

I tell you all my fears and you just say

Cause we re so much stronger than all of this

We ll build our lives up, brick by brick
