Couplet:

=====

F **E** **Am** **Am G F**
A million miles from home
 E **Am** **Am G F**
I could shoot myself today
 E **Am** **Am G F**
Set my soul free to roam
 E **Am** **Am G F**
Upon this beach I lie today

(etc)

Speeking to the sea
Dancing with the waves
Slipping throught your net
And there s nothing you can say

A million miles I know
Yesterdays frowns were just a phase
When my sadness starts to show
Yesterdays nouns are verbs today

Kissing with the moon
Dancing with the sun
Blessed is the one
Who knows where we r all from

A million miles, a million miles, a million miles
A million miles from home, from home

A million miles to go
In the trees I hear the breeze
And when my madness starts to show
Try the truth you will succeed
If you re fishing out for me
We ll see what s cool today
Cuz if you re afro s obsolete
Then your skin is turning grey

A million miles from home
A million miles, yeah

Bridge:
