transcription par Jelloul (partoche@caramail.com)

Comme y a ke des accords en Fa on peut utiliser l accordage en Mi:EBEG#Be
Et dans ce cas on fait juste le barrÃ© au lieu de l accord.

Y a le meme riff tout le long:
F G C->A# -> = slide
F G D->C

F **G** **C->A#**
Splash was the day
 F **G** **D->C**
That got you in my system

(etc)
Soul was the way
It s a basic fascination
Desire is to move
Between your thighs and this song
I said blind is the fool
That s keeping me from kissing you wrong

I play what you know
You say what I see
Liquid love is a wonderful thing
When you rain
Liquid love is a wonderful thing
When you rain

If we were born today
There d been no need to hide
Because naked is the way
The way we lie the way we die
If we were born today
There d been no need to hide
Because naked is the way
The way we lie the way we die

Splash was the game

Between my colourful brothers and sisters
Religious rules in the way
Colonised their imaginations

Liquid love is a wonderful thing
When you rain
Liquid love is a wonderful thing
When you rain
