

In Love  
khai dreams

**F**  
In Love

**Dm**  
A simple feeling that I can't seem to shake

**Gm** **C**  
Oh my love, you drive me crazy in the loveliest way

**F** **Dm**  
I stay up, all night just thinking about the things that you say

**Gm** **C** **F**  
I call your phone and hope to hear your voice and all over again I am in love

**Dm**  
Make me fall in love why don't you

**Gm** **C**  
Just make me fall in love again

**F**  
I can't deny it I'm in love

**Dm**  
I walk through this familiar scene

**Gm** **C**  
With flowers blooming, sun that's shining through the leaves in the trees

**F** **Dm**  
Don't like to ask too many questions hate to complicate things

**Gm** **C** **F**  
So baby won't you help me understand just what it means to be in love

**Dm** **Gm** **C**  
In love, in love, in love, oh in love

**F**  
I can't deny it I'm in love
