

Another Sad Love Song
Khalid

C

I m not the best at showing my emotions

Em **G**

You cut me deep and you left me wide open

C

I fought the demons that lie in between us

Em **G**

They d think we re perfect if they d ever seen us

C

I guess this sounds like another sad love song

Em **G** **C**

I can t get over how it all went wrong

Em

But, I let the words come together

G

Then, maybe I ll feel better

C

Bridges they are burning

Am

Lover, I am worried

Em

Tables they are turning

G

Lover, I am hurting

Am **Em** **G** **C**

Burning burning burning, dadadadada

Am **Em** **G** **C**

Turning turning turning turning, dadadadada

Am **Em** **G** **C**

Burning burning burning, dadadadada

Am **Em** **G**

Turning turning turning turning, dadadadada

C

Em

I took the time to think of what you said

G

You were tap-dancing in my head

C

Em

I must be honest, I have a lot of pride

G

But I m broken inside

C

I guess this sounds like another sad love song

Em **G** **C**

I can t get over how it all went wrong
