

**Free Spirit**  
**Khalid**

[Intro] **C7 Am7**

**C7**

We were running onto something  
And we didn't say forever, but it s all we wanted

**Am7**

You were so in love with simple things  
And now we're searching for the fire dripped in kerosene

**F7M**

I've been loving more, living less  
Off of highs and lows, so obsessed

**G**

Couldn't get nothin, but we re never running out

[Refrão]

**C**

We ll be free spirits, free spirits

**Am7**

Can you hear me calling?  
Oh, it s all or nothing

**F7M**

When you re free spirits, free spirits

**G**

Can you hear it calling?  
Cause I don t wanna live and die alone, don't let me go

**C7**

Is this Heaven or Armageddon?  
I ll be gettin high with you to watch the endin

**Am7**

We were drownin down our memories  
A cemetery full of bottles, man, that liquor bleed

**F7M**

When you're loving more, caring less  
It's the highs and lows with no regrets, oh

**G**

And we wanted it all then, but we're never running out

[Refrão]

**C**

We ll be free spirits, free spirits

**Am7**

Can you hear me calling?  
Oh, it s all or nothing

**F7M**

When you re free spirits, free spirits

**G**

Can you hear it calling?

Cause I don t wanna live and die alone, don?t let me go

**C7**

So tell me when you re falling

No, I can never doubt your love

**Am7**

Can you hear me calling?

Is it everything you re dreaming of?

**F7M**

Leave it all on the night

As long as you re not leaving me behind

**G**

On your heart, your heart, ah

**C7**

**Am7**

Free spirits, free spirit

**F7M**

**D4**

**G C**

Free spirits, free spirit
