[Intro] F Am Gm7 A#sus2 Gm7 A#sus2 Gm7

F Am
You ve been here before, surrounded in the cold
Gm7 A#sus2 Gm7
You take me to places I ve never known
A#sus2 Gm7

And you push me to places I ll never go
Gm7
I would die for you
F Am
Tell me the truth Am I all that you would need?
Gm7 A#sus2 Gm7
If we re keeping it a hundred, you re all that I need for me
A#sus2 Gm7
From the jump until forever from now, I would ride for you

F Am
But you got me shot down by love
Gm7 A#sus2 Gm7
You got my heart now
A#sus2 Gm7
Why won t you stop now?
F Am Gm7
Oh I ve been knocked down by you
A#sus2 Gm7
You got my heart now
A#sus2 Gm7
Why won t you stop now?

F Am
I ve been through it whole I ve been through the worst
Gm7 A#sus2 Gm7
But I never knew how much our love could hurt
A#sus2 Gm7
Over my family I put you first Riding on my feelings is the only thing that work
F Am
I don t hear from the friends I thought were mine too
Gm7
But I hold on to the poems I would write you
A#sus2 Gm7
Happy seventeen, I saw us two and you saw three
A#sus2 Gm7
I guess our lines are structured like a haiku

F Am
You got me shot down by love

Gm7 A#sus2 Gm7

And you got my heart now

A#sus2 Gm7

Why won t you stop now?

F Am Gm7

Oh I ve been knocked down by you

A#sus2 Gm7

Why won t you stop now?

F Am
