

Winter
Khalid

F# **C#**
I lost my heart in the nighttime
G#m **D#m7**
She left me out in the cold
F# **C#**
She left me broken and weary
G#m **D#m7**
Drunk off the lies she told
F# **C#**
I fell in love in the morning
G#m **D#m7**
But when the day gets cold
F# **C#**
I m back to life in my lonely
G#m **D#m7**
City of El Paso

F# **C#**
But the days get harder in November
G#m **D#m7**
Love grows colder in the winter
F# **C#**
All the things you say, I ll remember
G#m **D#m7**
Promise that you ll keep my love with ya
F# **C#**
Promise that you ll keep my love with ya
G#m **D#m7**
Promise that you ll keep my love with ya
F# **C#**
Love grows colder in the winter
G#m **D#m7**
Promise that you ll keep my love with ya

F# **C#**
I lost my mind when you left me
G#m **D#m7**
And I didn t have much of that
F# **C#**
But you were so quick to reject me
G#m **D#m7**
So I ll take my time being sad
F# **C#**
I fell so hard, I ll admit it
G#m **D#m7**
The feeling wasn t mutual
F# **C#**

So I m back to live on my lonely

In the city of El Paso
