

Chorus

Verse 2

I feel low I've already shedded a tear/
Surrounded by pizza boxes and flat beer/
I've got a headache now, one to many/
I'm confused I thought things were going well/
But it turns out that wasn't the case/
You told me we're over, bad news down the phone/
I just wanted to see your face for the last time/
Maybe I could change your thought on your last line/
It's you that I think about most/
Looks like it just me, my beans and toast/

Chorus

Middle 8

C **F**
I'm alone and that's ok/
C **F**
And there's nothing more to say/
C **F**
I'll just get on with my life/
C **F**
Now you're gone now your gone/
