Please save a kid that needs some help and  
I can't begin to think of anything that could help  
But the Weed is guaranteed indeed just what I need  
How I feel upon a time so recent in time make me sad  
When I recollect how it used to be like David and Goliath kinda like  
Me and the devil tryna rip out my soul tryna catch a nigga on sleep no no  
You can try again and I'll be ready  
Won't let you kill me in my dream like Freddy

Please save a kid that needs some help and  
I can't see ahead of me so I move in stealth  
Hide and seek within a dream I seem to glide above my horror  
Though I feel I'll never be complete inside the dark I borrow  
To proceed and remain intact my mental is so unstable  
And they talk and judge a man they have no clue of what I'm capable  
Til I show a side of me no one had thought could be within

**G**

I ve achieved a bigger thing no cash or check could be more blessed and if  
You would ve seen the things I ve seen in my slumber you d be  
Shook stay awake no need to run your fate will follow  
You should know not for the faint at heart this world understands no cowar  
It s a goal a simple code I stay on the grind to the 25th hour  
And I know the fight in me is somewhere hiding deep within
