[Intro]

Money and the power
 Once you get a little, they just wanna take you down, cousin
 I got the money and the power
 Once you get a little, they just wanna take you down, cousin

Am **G** **C**
 We've been going hard for too long

Dm **Am**
 Can't get enough, what is you on?

G **C**
 It really ain't nothing, I can drop that

Dm **Am**
 Wake up in the morning, make it all back

[Verse 1]

It's nothing, nothing to get it poppin'
 Wanna roll " roll up, up and away
 Here we go, now
 Martin had a dream, I've been dreamin' 'bout gold
 Tell 'em I just wanna shine, and I gotta let it show
 Show up on the scene, walk right through the door
 Got a nigga on repeat, it's my double up flow
 Vibrate the whole building, I ain't ringing through your phone
 Waiting 'til the smoke clear, can you see me through the fog?
 Fall back " it could go all bad
 We be goin' hard with your ex, so
 Tic-tac-tacky motherfuckers must not be here
 Life is a bitch, but I bet I get that bitch wet

[Hook]

We've been going hard for too long
 Can't get enough, what is you on?

It really ainâ€™t nothing, I can drop that
Wake up in the morning, make it all back
Weâ€™ve been going hard for too longâ€¦
Weâ€™ve been going hard for too longâ€¦
Money and the powerâ€¦
Once you get a little, they just wanna take you down, couseâ€™

[Verse 2]

But Iâ€™m ready â€” ready, so you can tell â€™em to bring it on
On a whole other level of high, no phone
Foes all mad â€™cause the dough donâ€™t fold
Forget about your plans, we ainâ€™t leavinâ€™ â€™til it close
Close to the top, I can barely see the ground
With the whole team here, everybody get around
It look like a parade when weâ€™re coming through your town
One hand to the sky, two feet to the ground
Waitâ€¦ canâ€™t stop â€™til the sunâ€™s up
Party everywhere ever since I got my funds up
Yupâ€¦ pray to God it never run out
Off that loud, burninâ€™ rubber, need to slow it down

[Hook]

[Bridge]

Money and the powerâ€¦
Once you get a little, they just wanna take you down, couseâ€™
Thatâ€™s how it isâ€¦
When you fuckinâ€™ with me, you should know how it goes
Thatâ€™s how it isâ€¦
Iâ€™ve got a bottle in my hand and a pocket full of dough

[Hook]
