F          C
My ice grows thin, as I get older&#8232;

Peace in peaces, bloody and bruised&#8232;

I feel so helpless and confused

&#8232;Am                            G                    C      F
I canâ€™t change the world and make things fair
        &#8232;Am        G
The least that I can do
        &#8232;C                        F
The least that I can do&#8232;
        Am                        G        F
The least that I can do is care
&#8232;

 **These are the chords. Just apply them to the rest of the songs Verses, Pre-Chorus, Chorus....not too difficult to figure out. Intro is same chord progression
as the Verses (**C**-**Dm**-**F**-**C**). TI s rap is the same chord progression as the Verses as well.
