VERSE:

D - G

I confess, I confess Iâ€™ve been held down
Let myself get pushed around
I couldnâ€™t figure it out
In a word, lost is where Iâ€™ve been
In a word
I couldnâ€™t wait to get out of it
I couldnâ€™t wait to get out of it
I canâ€™t wait

CHORUS:

D - G - Bm - A
G - D - A

Sit up sit up sit up
Iâ€™m not leaving Iâ€™m not leaving
I believe I will
Live up live up live up
To what Iâ€™m singing now

2ND VERSE:

D - G

If you try, If you try youâ€™ll start to see
All the things you want it to be
Iâ€™ll let you figure it out
Come along, walk with me â€™til dawn

Until the light comes shining on
Youâ€™d better get out of our way
I canâ€™t wait, i canâ€™t wait

[REPEAT CHORUS]

BRIDGE:

Bm - G(3x)

Bm - D - G - Em - G

Oh, I keep my head straight and move along
Iâ€™m headed for an upswing
Some may say Iâ€™ve got it all wrong
Well at least I got something

Another day not a simple life
Countless hours of thinking twice
Iâ€™m happy to go my own way
I donâ€™t care what they all say?

Sit up
Get up
Live up
Sit up sit up sit up

Get up get up get up
Live up live up live up
Get up get up get up
And start living

[REPEAT CHORUS (2x)]

BRIDGE 2:

D - Bm - G(2X)

[REPEAT CHORUS]

OUTRO:

D - G
