

Nobody Knows
Kim Carnes

This is the tablature/chords of the wonderful Kim Carnes (or Kim & Dave) song Nobody Knows (yes, Vanishing Point and all...)
The tuning should be correct if my guitar was tuned correctly.

Verse

A **D**
My eyes were open, I was...

E **D** **A**
Then somehow I lost my way...

(There is a small interlude here, but I could not figure it out.)
(repeat chords once)

Chorus

D **A** **F#m**
Nobody knows, nobody sees,

D **E**
Till the light of love stops burning,

D **A**
Till another soul goes free.
