

Something In The Way You Are
Kimbra

A

Something got me out of my
Slumber in the broken light

B7M

Watching you across the room
Shadowed by the passing moon

A

I can feel it in my bones
Something that nobody knows

B7M

How it really feels inside
To let go of all my pride

A

I sense it
I feel it

B7M

I sense it
I feel it

E

Something in the way you lie

C#m

Something so hard to find

B7M

Something in the way you slammed that door
Something always left me wanting more

E

Something in the way you smile

C#m

You make a silly joke and it s fine

B7M

Something in the way you are
Something in the way you are

A

I m wondering about your childhood
Wonder if you were misunderstood

B7M

I m watching you inside your head
I wonder if you know how long I ve cared

A

I can feel it in my bones
I love all of the sticks and stones (you throw)

B7M

And every little word you say
You break me in the best way
