A **D**
have you ever been swindled by a swindler who lies
G **D**
cause he wants to see you smile, have a good time, be inspired
A **D**
and he doesn t want for you to cry or know he cries inside
G **D**
so he hides behind his great triumphant rock and roll disguise
A **D**
we want things to be real but you really can t deny
G **D**
we feel excited and on fire is it wrong to lie and say he s fine
A **D**
when the reason he s not fine is the pressure of the power changing
G **D**
lives and just for an hour all these people will be better people

A **D**
take this job and shove it, adios I m a ghost
G **D** **A**
I am leaving for the coast and I ll never work for anyone again
D
I am not your savior or your heavenly host
G
I m just a piece of zwieback toast
D **A**
getting soggy in a baby s achin mouth
D
I m going south like the geese
G
I just goosed you and so maybe I seem loose to you
D
but I don t even want to screw
A
and I did once
D
but I don t now
G
now that I see how you do things
D
the way you play and sing s amazing

A **D**
but the way you play the game is crazy
G **D**
you don t have to say you re sorry you don t owe me anything
A
don t owe me anything

A **D**
sometimes it seems like I ve got all the answers
G **D**
but the answers aren t the same when the questions keep on changing
A **D**
like how will I react when I see my mother crying
G **D**
every single day cause she is afraid of dying?
A **D**
and how will I contain my anger
G **D**
when Delila plays Unchained Melody instead of Lost In Your Eyes?
A **D**
and where will I go where I can feel safe
G **D** **A**
when my family sells its place and we all split up and move away?

A **D**
I m trying to be brave cause when I m brave
G
other people feel brave
D
but I feel like my heart is caving in

A **D**
I m trying to be brave cause when I m brave
G
other people feel brave
D
but I feel like my heart is caving in

A **D**
I m trying to be brave cause when I m brave
G
other people feel brave
D **A**
but I feel like my heart is caving in
