**C**  
And took roofies with your spouse  
**G**  
In a nit and out a louse  
**C**  
And lice are lousy all the time  
**F**  
They suck your blood drink your wine  
**C**  
Say shut up and quit your crying  
**G C**  
Give it time and you ll be fine

Chorus:

**F G C G F**  
You re so nice and you re so smart  
**G C G F**  
You re such a good friend i hafta break your heart  
**G C G F**  
Tell you that i love you then i ll tear your world apart  
**G C**  
Just pretend i didn t tear your world apart.

**CC FF CC Em G Em G 2x**

Verse 2:

I like boys with strong convictions  
And convicts with perfect diction  
Underdogs with good intentions  
Amputees with stamp collections  
Plywood skinboards ride the ocean  
Salty noses suntan lotion

Always seriously joking  
And rambunctiously soft-spoken  
I like boys that like their mothers  
And i have a thing for brothers  
But they always wait til we re under the covers  
To say i m sure glad we re not lovers

You re so nice and you re so smart  
You re such a good friend i hafta break your heart  
Tell you that i love you then i ll tear your world apart  
Just pretend i didn t tear your world apart
