Intro: **G Bm Em C** x2

Verse:
**G**          **Bm**          **Em**                **C**
 Swarms of people they move in every direction
**G**             **Bm**          **Em**              **C**
 Some eyes they wander while others are just glued to their feet
 **G**        **Bm**    **Em**        **C**               **G**
 And how I wonder what goes on behind those eyes,
          **Bm**              **Em**              **C**            **G Bm Em C**
 There are lives, growing older and they re growing wise

 **G Bm Em C**

**G**       **Bm**                    **Em**            **C**
 So amazed by all the many different faces,
**G**            **Bm**        **Em**                **C**             **G**
 Searching for traces of emotion wondering places they have been
         **Bm**      **Em**             **C**          **G**
 And on occasion, someone will take a look at me,
             **Bm**            **Em**                **C**                **G Bm Em C**
 But do they see a unique person, or am I part of a vast sea

Chorus: (All open chords)
**G**       **D**        **C**                **D/F#**
 Sing me your song, solve my mystery

```
G        D        C           D/F#
 I wont do you no harm, just wanted to see
G        D        C           D/F#
 Sing me your song, solve my mystery
G        D        C           D/F#

(Back to barre chord G etc..)

G Bm Em C

Verse:
G              Bm             Em              C
 They are the background of your everyday situation
G          Bm           Em          C              G
 Look all around you start to wonder really who these people are
             Bm        Em         C              G
 They might be watching, wondering quite the same of you
             Bm        Em              C              G Bm Em C
 So break this auto pilot path and try to start something new
