

Together

Kina Grannis

Intro: **C E Am F G**

Verse:

C **G**
One time I dreamt an unknown land, with jungle trees and the blackest sand.
Am **F** **G**
Had taken us as prisoners in the night
C **G**
Upon its shore we could not sleep. Instead we stayed awake to keep
Am **F** **G**
Our minds off hidden monsters and the like

Pre Chorus:

C
Hour by hour we passed the time.
G
We watched a motion picture in the sky.
Am **F** **G**
You were the clouds and I was the moon.

Chorus:

C **G** **F** **G**
You and me together, together, together.
C **G** **F** **G**
You and me together, together, together.
C
Together is all we need.

Verse:

C **G**
Then waves came crashing down on me and they tried to take me out to sea.
Am **F** **G**
You fought them off so gallantly and won.
C **G**
So back again upon our shore. We really wanted nothing more,
Am **F** **G**
Than to hold each other til our arms grew tired.

Pre-Chorus: (palm mute, strum)

C
Then slowly like a timid flower
G
The sun rose up at just the hour
Am **F** **G**
When we had slowly slipped out of my dream.

Chorus: (strum)
