

Aubergine

Kind of Like Spitting

Artist: Kind of Like Spitting

Track: Aubergine (also known as Town)

Album: In the Red (Town features on the Live in Seattle CD)

Tabber: Andrew Biles

I m basing this tuning off the two mp3s I have of the song. The Aubergine I currently

have is a demo for In the red and when the album comes out I ll edit it if necessary.

This tab is mainly based around the Live in Seattle version known as Town , so please

bear that in mind. Chords are at the bottom if needed.
