

Aceface
King Adora

I ve been looking on here for ages to find King Adora tabs/chords. No one has been brave enough to put them on. Here are the chords for AceFace (B-side to Suffocate, Bonus track on the Vibrate You album) I hope some one finds them useful.

Intro/Verse :

Am/G/F/E

Chorus :

Am/F/Am/F/E

I think that s right, listen to the song for the strumming pattern.

Lyrics :

I will irritate you,
I d kill to imitate you,
I d feel so elevated by you

Ace face drag me into
Your space dim the lights
I can t face so elevated by you

Chorus :

I want a rock star lover
I want a cock sure lover
You won t, you ve thrilled me,
thrill me too...
