

**Under The Sky**  
**King Crimson**

Great song featuring Judy Dyble of Fairport Convention on lead vocals and written by Ian McDonald

**D**                      **C**  
Smile at the smiling man  
**D**                      **C**  
Tear in your eye  
**D**                      **C**  
Laugh in the morning sun  
**D**                      **C**  
Under the sky

**D**                      **C**  
High on the hawthorn tree  
**D**                      **C**  
Bee and butterfly  
**D**                      **C**  
Seek fortune in the leaf  
**D**                      **C**  
Under the sky

**G**    **F**  
Follow the road that leads up to the sky  
**G**    **F**  
There s no reason, do not wonder why

**D**                      **C**  
Dappled green summer blades  
**D**                      **C**  
Where swallows fly  
**D**                      **C**  
And laughing children play  
**D**                      **C**  
Under the sky

**G**    **F**  
Follow the road that leads up to the sky  
**G**    **F**  
There s no reason, do not wonder why

**D**                      **C**  
Soft on a mossy bank,

D            C  
Silently lie

D                    C  
Everything s everything

D            C  
Under the sky
