

Tough On Myself
King Princess

C#m

Nobody told me

G#m

To sit down and shut up

F#

And take this shit slowly

C#m

I m so bad with attention

G#m

So my good intentions

F#

Get bad when you hold me

C#m

G#m F#

I get too tough on myself

F#

C#m

G#m F#

Sitting alone, making fun of myself

C#m

You want that young love

G#m

Like passing me notes, hon

F#

That shit that you dream of

C#m

I m just sitting at home

G#m

Smoking joints like it s my job

F#

Cause that s what my dream was

C#m

G#m F#

I get too tough on myself

F#

C#m

G#m F#

Sitting alone, making fun of myself

C#m

And is it so wrong to just want someone else?

G#m

(I was thinking you and I could get together)

F#

(I was thinking maybe you could do me better)

C#m

And is it so wrong to just want someone else?

G#m

(I was thinking you and I could get together)

F#

(I was thinking maybe you could do me better)

C#m G#m

Tough on myself

F#

I get too

C#m G#m F#

I get too tough on myself

C#m G#m F#

I get too tough on myself

C#m

I get too tough on myself

G#m

(I was thinking you and I could get together)

F#

(I was thinking maybe you could do me better)

C#m

Sitting alone making fun of myself

G#m

(I was thinking you and I could get together)

F#

(I was thinking maybe you could do me better)

C#m

And is it so wrong to just want someone else?

G#m

(I was thinking you and I could get together)

F#

(I was thinking maybe you could do me better)

C#m

And is it so wrong to just want someone else?

G#m

(I was thinking you and I could get together)
