

Revelry

Kings Of Leon

E **F#m**
What a night for a dance, you know I m a dancing machine
G#m **F#m**
With the fire in my bones and the sweet taste of kerosene
E **F#m**
I get lost in the light so high don t wanna come down
G#m **F#m**
To face the loss of the good thing that i have found

E **F#m**
Woo hoo hoo
E **F#m**
Woo hoo hoo

E **F#m**
In the dark of the night I can hear you calling my name
G#m **F#m**
With the hardest of hearts I still feel full of pain
E **F#m**
So I drink and I smoke and I ask you if your ever around
G#m **F#m**
Even though it was me who drove us right in the ground

A
See the time we shared it was precious to me
B **E**
But all the while I was dreaming of revelry

(**E** **F#m**) (2x)

E **F#m**
Gonna run baby run like a stream down a mountainside
G#m **F#m**
With the wind at my back I won t ever even bat an eye
E **F#m**
Just know it was you all along who had a hold of my heart
G#m **F#m**
But the demon and me was the best of friends from the start

A
See the time we shared it was precious to me
B **E**
But all the while I was dreaming of revelry

(**E** **F#m**)
