

Grapevine Valentine
Kingsfoil

Hey I m Daniella and this wasn t up so I felt like giving it a shot.

Bm **D**
Friday night getting done up
A **E**
You say you wanna look just like a china doll
Bm
I answer that you do from the hall
D
My patience was waning, half moon, now I m lit up waxing poetic
A
In the bathroom I say that apart from lust
E
The secret to love is secrets plus trust

Bm
She says I got a smart tongue
D
I said in more ways than one
A
You re rolling your eyes but you wondering
E
Come on, come on, come on, come on

Bm **D** **A**
Come on give me something that I can believe in
Bm **D**
Got those bedroom eyes in the living room
A **Bm**
And we re pulling all the blinds in the afternoon
D **A**
All I wanted was to be somebody someone could believe in
Bm **D**
But I m a grapevine valentine
A
I m the catch in your throat when you wanna cry
E **Bm**
When all I really wanna do is catch you smile
D **E**
Smile, yeah

Bm **D**
This girl s got those smoky eyes on a clear night
A

Lipstick on just right

We could take a drive feel alive in the dying light

In the road we touch tar to heels lips to lock
