CAPO 3

C **G**
I Bet you re wonderin where I ve been
C **G**
What town I m calling home for now
C **Em** **D** **C**
And just how long I ll be there before I turn around
C **G**
Truth is I ve finally found the place
C **G**
Where I can start to plant some roots
C **Em** **D** **C**
It s about as close to being perfect, it s got everything but you

CHORUS

G **C**
Theres a pathway to the ocean, a salty breeze blowing
Em **D** **C**
And this old man down the street makes damn good wine
G **C**
it s got stars that shine like diamonds on the black canvas behind em
Em **D** **C**
And there s a sun out here that seems to always shine
Em **D** **C**
And I ve never seen water quite so blue
(NC) **G**
It s got everything but you

There s a taco stand right down the corner
serves the best cold draft beer
Sometimes I order up a round, pretend you re right here

An a reggae band plays every Friday
We drink and dance into the night
Most Folks round here think I m a local and
I d say that that s about right, yeah, that s about right
