Intro:

E C# B C# A C# B

We've seen all the trials

A

C#

Fake embraces and the smiles

B

That raised us to believe

E **A**

We would all end up the same

C#

As a number not a name

B

Surrounded but alone

Break:

C# A B

E **C#** **B**
And words will fade
C# **A**
And lose their place
C# **B**
In the pages that pass away
E **C#** **B**
And city lights
C# **A**
Will burn tonight
C# **B**
To bring us home

Bring us home

E

We could break the patterns

A

C#

Strike the match and light the lanterns

B

A signal to the world

E

A

Set them on the highest hill

C#

Show them love survives here still

B

To light their way back home

E **A**
Heads are bowed and hands are folded

E **B**
Through each word these hearts are molded

We choose love and we choose feeling

E **B**
We choose hope and life with meaning

(We will find our way back home

We will never be alone)

E
