**C Bm**  
Let me sleep  
**F G C**  
For when I sleep I dream that you are here  
**Bm**  
You re mine  
**F G**  
And all my fears are left behind

**C Bm**  
I float On air  
**Bb**  
The nightingale sings  
**A F**  
gentle lullabies  
**G**  
So let me close my eyes

**C**  
And sleep  
**Bm**  
A chance, to dream  
**F G**  
So I can see the face  
**C Bm**  
I long to touch, To kiss  
**F G**  
But only dreams can bring me this

**C Bm**  
So let, the moon  
**Bb A F**  
Shine Softly on the boy I long to see  
**G**

And maybe when he dreams

C

He ll dream of me

I hide beneath the clouds

And whisper to the evening stars

They tell me love is just a dream away

A dream away. . . . dream away . . . . dream away

A drem away

So let, the moon

Shine softly on the boy I long to see

And maybe when he dreams

He ll dream of me

Ohhh-----dream of me
