One of the best of teh studio tracks from ALIVE II!. Bob Kulick plays lead guitar on this one. They do try to make him play ACE-type licks, but if you know ACE s playing, you KNOW it s not him. Regardless Bob does some good work on this one. Using Trills (with a whammy bar and without), Bends, and some copped Ace licks to get this done... Well done. As for Paul, his rhythm work is superb, throwing in some overdubbed fills to make this song move.. Enjoy!
