Our music drives you wild along with the rest  
You watch me singing this song  
You see what my mouth can do  
And you wish you were the one I was doing it to  
And you watch me playin guitar  
And you feel what my fingers can do  
And you wish you were the one I was doing it to  
Well, listen  
You ve got great expectations  
You ve got great expectations  
You re dying to be seen  
And you wave and call my name  
But in the day it seems that I m a million miles away  
You watch me beatin my drum  
And you know what my hands can do  
And you wish you were the one I was doing it to  
Well, listen  
You ve got great expectations  
You ve got great expectations  
You ve got great expectations  
Then you feels these eyes from the stage  
And you see me staring at you  
And you hear between the lines, my voice is calling to you  
Well, listen  
You ve got great expectations  
You ve got great expectations  
You ve got great expectations, do you want to play the role  
You ve got great expectations, you d even sell me your soul  
You ve got great expectations

You ve got great expectations

You ve got great expectations, do you want to play the role

You ve got great expectations, you d even sell me your soul

You ve got great expectations, as long as you can play the role

You ve got great expectations
