Letra:

=====

You tell me that you re leaving, and I m trying to understand
I had myself believing I should take it like a man
But if you gotta go, then you gotta know that it s killing me
And all the things I never seem to show, I gotta make you see
Girl it s been so long, (tell me) how could it be
One of us knows the two of us don t belong in each others company
It hurts so much inside, your telling me goodbye, you wanna be free
And knowin that you re gone and leavin me behind
I gotta make you see, I gotta make you see, I gotta make you see
I still love you, I still love you
I really, I really love you, I still love you
People tell me I should win at any cost
But now I see as the smoke clears away, the battle has been lost
I see it in your eyes, you never have to lie, I m out of your life
Tonight I ll dream away and you can still be mine
But I m dreamin a lie, dreamin a lie, makes me wanna die
Cause I still love you, I still love you
Baby, baby I love you, I still love you
And when I think of all the things you ll never know
There s so much left to say
Cos girl, now I see the price of losing you will be my half to pay
My half to pay, each and every day, hear what I say
I still love you, I still love you
I really, I really love you, I still love you
Baby, baby, I love you, I love you, I really, I really love you
