DM

I feel like I m nothing

G

I feel like I can t be

C

AM

What everyone says that they wish that I could be

DM

I feel like its over

G

I feel like ill never

C

AM

Get out of the box that I put myself in

DM

I m deteriorating

G

Dissolving and fading

C

Ill turn into nothing

AM

Cause everything new is

DM

Deteriorating

G

C

It s infuriating and humiliating

G

Don t know what to do

DM

I have these wings

G

A simple heart

C

A floating day

AM

C

A flameless light of love

G

C

And it burns so brightly inside me

DM

I can t see it

G

I can t touch it

C

AM

Cause it s so damn far away

DM

But I know that

G

I can make it

C

F

It ll warm me up someday

**DM**

It s a misunderstanding

**G**

And it s so degrading

**C**

To say that im nothing

**AM**

Cause that is absurd

**DM**

And I m not concentrating

**G**

On intoxicating

**C**

**AM**

My mind with these terrible words

**DM**

**G**

These terrible thoughts that I m not enough

**C**

**AM**

They will never make me drown

**DM**

**C**

And the only thing that s deteriorating

**G**

Are the chains that held me down

In ameliorating
