

Ark Of Godiva
Kleenex Girl Wonder

G# **D#m**
I think she ll do fine

C# **G#**
She goes out for water and comes back with wine

G# **D#m**
Little men standing side by side

C# **G#**
Get on your horse and let s go for a ride

G# **D#m**
Two by two all the patrons arrive

C# **G#**

But there s a girl and she s crying

A# **D#m**
Cause she thinks she someone else

A# **D#m**
But she s poisoning herself

G# **D#m**
All the time we look towards the skies

G# **D#m**

C# **G#**
Says something of beauty, how it s on the inside

G# **D#m**
And she lets her stallion die

C# **G#**
Gets on the ship and heads off for the sky

F **E**
But there s a man and he s been drinking

A# **D#m**
Cause he thinks she s long since dead

F **E**
But she s not drowned yet, just sinking
