

**Forget The World  
Kleenex Girl Wonder**

**B** **F#**  
Forget the world

**B** **E**  
Cause it really doesn't matter

**C#** **E**  
When I called you on that Saturday night

**B** **F#**  
I didn't need the world

**B** **F#**  
Forget the world

**B** **E**  
Though I must admit I worried

**C#** **E** **B** **F#**  
You're in such an awful hurry to escape the world

**E** **F#**  
Oh but there's no need to run away just yet

**B** **F#**  
Forget the world

**B** **E**  
But it never gives up the moving

**C#** **E** **B** **F#**  
What exactly are you proving by ignoring it?

**B** **F#**  
Forget the world

**B** **E**  
You just answered your own question

**C#** **E**  
It always goes the same direction

**B** **F#**  
Why bother exploring it?

**F#** **E**  
Looking in between the cracks

**F#** **E**  
Everything you've seen is attractive

**G#m** **C#** **E**  
And the girls with pretty faces know

**F#**  
There's not much more to life

**B** **G#m** **B** **E**  
So don't repent, candy bar sinners

**B** **F#** **E**  
And some things you can't save

**B** **G#m** **B** **E**

All in all, we re always beginners

**B** **F#** **E**  
Looking for the scenic route to hell  
**F#** **G#m**  
Or just a quick way back to the grave

**G#m F# Fm E**

**B** **F#**  
Forget the world  
**B** **E**  
You and I don t really need it  
**C#** **E**  
And there s no way to defeat it  
**B** **F#**  
So just push it aside

**B** **F#**  
Forget the world  
**B** **E**  
You can t run away forever  
**C#** **E**  
But I say better now than ever  
**B** **F#**  
Let s have fun tonight

**B** **G#m** **B** **E**  
I m still young and already I m bitter  
**B** **F#** **E**  
So something must be wrong  
**B** **G#m** **B** **E**  
I may quit but I m not a quitter  
**B** **F#** **E**  
I just like moving on  
**B** **G#m** **B** **E**  
So go on, handlebar tenors  
**B** **F#** **E**  
And sing your songs on high  
**B** **G#m** **B** **E**  
Soon will come the harshest winter  
**E** **F#** **E**  
And I can t take the coldness of your shoulder  
**F#**  
When I need a place to cry

**G#m F# Fm E**

**B** **F#**  
Forget the world  
**B** **E**  
Cause soon enough it will forget you  
**C#** **E**  
And that really doesn t fit you

**B** **F#**

You re a worthwhile girl

**B** **F#**

Forget the world

**B** **E**

Cause it really doesn t need you

**C#** **E**

At least not as much as I do

**B** **F#**

Let s forget the world
