**KLEVELAND**

**G A B** (Power Chords)

Between, the 2 times of the intro (4/4) the guitar makes a \*Figure\* quite easy, the song have the same chords.

\*Figure\*

E-----/  
B-----/  
G-----/  
D-----/  
A-----5-----0-----/  
E-----7---7-----\*3\*-/

\*\*\*When you guys play the intro and the whole song, this \*3\* is replaced by G (a second

makes the complete figure)

Is not necessary to put all the chords in the "right place" because are just 3 and

along will you get the rhythm pretty fast. <http://www.myspace.com/kleveland>

So here it goes.

ESP (Kleveland)

It s been a long time  
Since I ve been here  
And I don t know if anyone s coming for me  
They tell me I will get out tomorrow  
And will everything here look differently  
But I do not have ESP  
I cannot mind read  
Baby you are on your own  
And if they are going to tell you  
You got something baby then  
Come next to me, you are all I need

Chorus

**G**  
TELL ME SOMETHING  
**A**  
TELL ME SOMETHING  
**B**  
I DON T ALREADY KNOW

**(G A B)**

They got me at the airport  
Into a rental  
And they said come on baby take you for a ride

Took me the station  
Past the jury  
And I came out baby on the wrong side  
But I do not have ESP  
I cannot mind read  
Baby you are on your own  
And if they are going to tell you  
You got something baby then  
Come next to me, you are all I need

Chorus

**G**

TELL ME SOMETHING

**A**

TELL ME SOMETHING

**B**

I DON T ALREADY KNOW

(**G A B**)

I used to worry I wouldn t know it  
When I had gone to far over the other side  
Blame it on the hair dye, the diet sodas  
Blame it on the violence and the family  
But I do not have ESP  
I cannot mind read  
Baby you are on your own  
And if they are going to tell you  
You got something baby then  
Come next to me, you are all I need

Chorus

**G**

TELL ME SOMETHING

**A**

TELL ME SOMETHING

**B**

I DON T ALREADY KNOW

-Whole song same chords- and each two times comes the figure that I Tabbed.

Before the Guitar solo keep playing B in 4/4 and then whit the solo the same chords too ^^

The song is really cool to play, whit the acoustic sounds pretty cool.
