[Verse 1]
A
 Here I go again
A   **C#m**
Reaching for the light

I fall back down to earth
               A
Every single time
A   **C#m**
I found my oxygen, brings me back to life

It always looks like you
C#m
Looks like you

[Pre-Chorus]
A
You make me want to be better
A
Taking me back to the line
C#m
We ll always be stronger together
C#m
Take on the world when you re mine
A
I never believed in heroes
A
How darkness could turn into light
C#m
I know they say never say never
