

**Everything Works Out In The End**  
**Kodaline**

Introdução: **Dm, G7, C, F**

**Dm**                    **G7**                    **C**                    **F**  
I never seen it coming, I couldn t read the signs

**Dm**                    **G7**                    **C**                    **F**  
And now I know that it means nothing, but you are always on my mind

**Dm**                    **G7**                    **C**                    **F**  
I got tricked into believing, you were the only one to leave

**Dm**                    **G7**                    **C**                    **F**  
But the truth can be deceiving and I was just too young to see

**Dm**                    **G7**                    **C**                    **F**  
You told me everything works out in the end, everything works out in the end

**Dm**                    **G7**                    **C**                    **F**  
You told me everything works out in the end, everything works out in the end

**Dm**                    **G7**                    **C**                    **F**  
You got me treading on the water, cause I never learn to swim

**Dm**                    **G7**  
And now I know that it s all over

**C**                    **F**  
We better learn to start again

**Dm**                    **G7**                    **C**                    **F**  
You told me everything works out in the end, everything works out in the end

**Dm**                    **G7**                    **C**                    **F**  
You told me everything works out in the end, everything works out in the end

**Dm**    **G7**        **C**        **F**

Mmmh

**Dm**                    **G7**                    **C**                    **F**  
Everything works out in the end, everything works out in the end (2x)

Outro: **Dm, G7, C, F**
