

**Follow Your Fire**  
**Kodaline**

[Intro] **Bm G A D**  
**Bm G A D**

**Bm G**  
I remember you and me  
**A D**  
Back when we were 17  
**Bm G**  
Drinking, kissing in the street  
**A D**  
We couldn't get enough  
**Bm G**  
I see you layin' there with me  
**A D**  
Like my missing puzzle piece  
**Bm G**  
Dreaming of what we could be  
**A D**  
We couldn't make you up

**Bm G**  
We had the songs that we sang along to  
**A D**  
You had the moves to make me dance with you  
**Bm G A D**  
I always saw you reaching and catching stars  
**Bm G**  
We had the thing that everyone wanted  
**A D**  
Hung on your sleeve, you wore your heart on it  
**Bm G A**  
Did you get out I'm wondering where you are?

(Did you follow your, follow your fire?)

**Bm G**  
We had the songs that we sang along to  
**A D**  
You had the moves to make me dance with you  
**Bm G A**  
I always saw you reaching and catching stars  
**D**

(Did you follow your, follow your fire?)

Did you follow your fire?

**Bm** **G**  
The time we stole your daddy s car  
**A** **D**  
And drove around till it got dark  
**Bm** **G**  
We slept outside in Phoenix Park  
**A** **D**  
We couldn t get enough  
**Bm** **G**  
We promised that we d never part  
**A** **D**  
On a tree, under the stars  
**Bm** **G**  
We carved our names into the bark  
**A** **D**  
To be there when we re not

**Bm** **G**  
We had the songs that we sang along to  
**A** **D**  
You had the moves to make me dance with you  
**Bm** **G** **A** **D**
