Friday night and no one's home
F C
There's no point getting drunk alone

Grab your coat and make a call

I'll meet you down in Temple Bar

People come and people go
F C
So raise a glass to who you know
C G
Winter hasn't taken hold
F C
So why do I feel so cold

[Chorus]

F G
Like a question without an answer
F C
Like music without its dancers
F G
Like a bird without a song
G C
Tell me where did it all go wrong
F G
Like a frame without a picture
F C
Like God without a scripture
F G
Like me when I know you're gone
G C
Tell me where did it all go wrong

[Post-Chorus]

G F C
Oh where did it all go wrong, go wrong
G F C
Oh when did it all go wrong, go wrong
